Pacific Swimming shall distribute one pair of Finis Smart Goggles to each club in good standing with an Athlete Representative also in good standing. The goggles will be distributed at the 2023 Athlete Leadership Summit in October. Goggles may be mailed to those clubs with an Athlete Representative that attends the Summit virtually. Clubs that have already receive a Smart Goggle from Pacific Swimming will not receive an additional pair. After the Summit, any club that designates an Athlete Representative for the first time may receive their goggles once that Representative has met the minimum attendance requirement.

Purpose: Pacific Swimming has an inventory of Smart Goggle originally intended as a gift for clubs that attended the 2022 HOD and Coach's Clinic. The vast majority of teams did not attend, and we now need to repurpose these items. We would still like to see the goggles go to teams that are in some way active in the LSC. The goggles will be given to the team and the head coach may decide how to distribute the goggles.
